

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Grant received from **Science and Engineering Research Board (SSY/2023/000206)** Government of India for organising an “International Conference On Emerging Technologies in Power Electronics for Green and Renewable Energy Systems (ICETPRS - 2023) organised by the Department of Electrical and Electronics Engineering.

We are happy to announce that the **Department of Electrical and Electronics Engineering, Bharath Institute of Higher Education and Research** has received resounding appreciation from our Honourable Chairman, Dr. S. Jagathrakshagan sir for securing a prestigious grant from the **Science and Engineering Research Board (SERB)** for successfully organising an **International Conference On Emerging Technologies in Power Electronics for Green and Renewable Energy Systems (ICETPRS - 2023)** convened by Dr. S. Lakshmi, Associate Professor/Department of EEE. This acknowledgment highlights not only the significance of the grant but also the commitment and dedication of our team towards advancing research and knowledge exchange on a global scale.

We extend our sincere gratitude to SERB for their unwavering support and recognition of our organization's efforts. This grant not only validates our mission but also empowers us to make a meaningful impact on the global research community. The acquisition of the SERB grant for organizing an International Conference is a testament to the exceptional quality of research and commitment to academic excellence exhibited by Bharath Institute of Higher Education and Research. This is a significant milestone that reflects our dedication to fostering innovation.
